1 BCCT Geo-Application

1.1. Home

The main interface of the BCCT Geo-Application is illustrated in Figure 1.1. To access the application's home page, enter the BCCT Geo-Application web address into the address bar of any web browser.

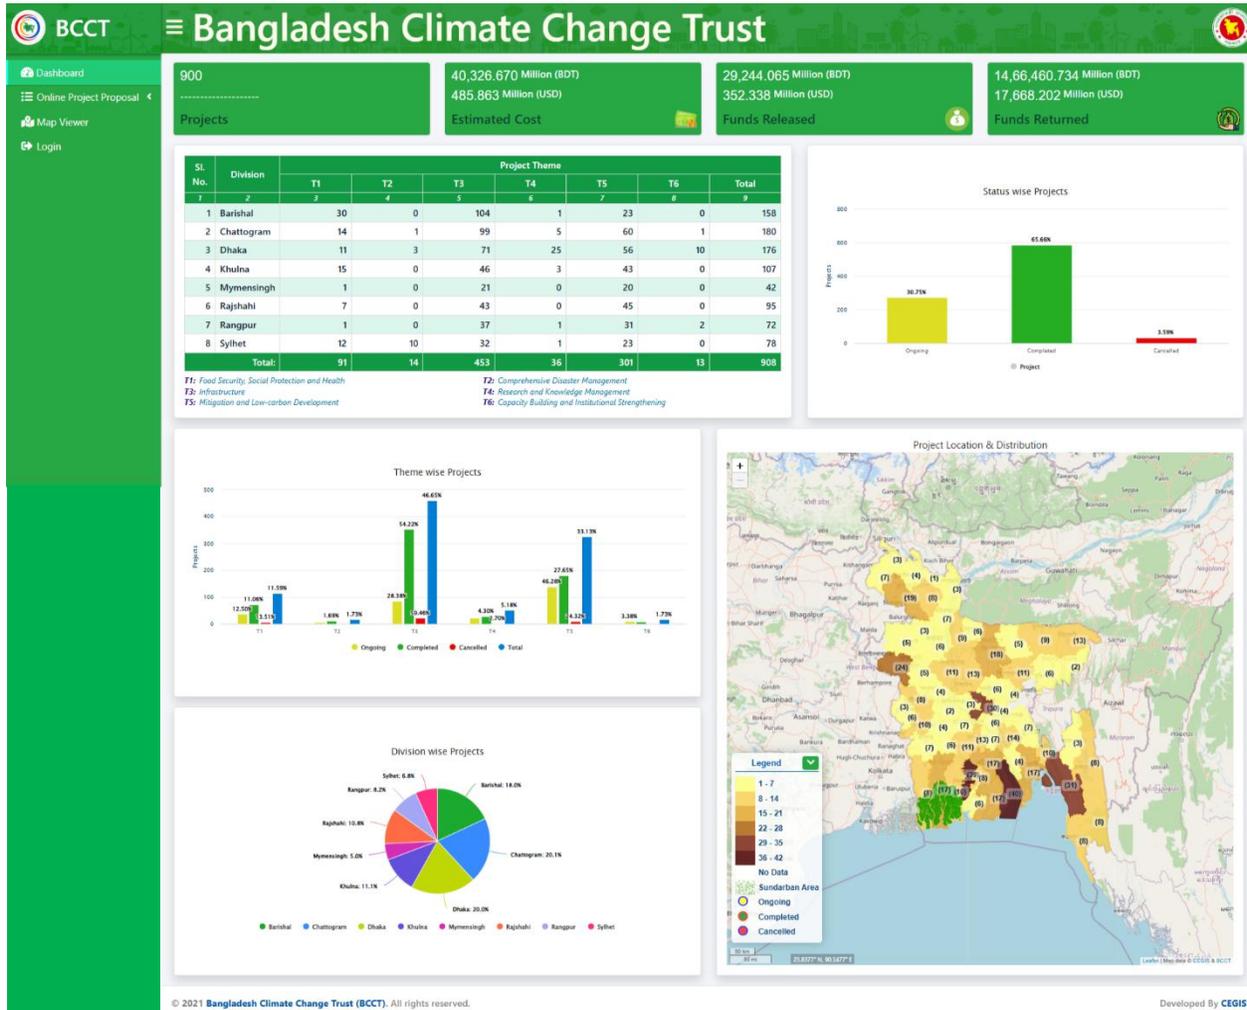

Figure 1.1.1: Home

1.2. How to login in the system

The first page displayed upon entering the site prompts users to enter their credentials to log in. Users can log in using their registered **User ID** and **Password**, which are stored in the database.

Figure 1.2.1: Login Page UI

2 BCCT User Dashboard

Upon successfully logging into the application, users are redirected to their designated dashboard. The dashboard provides an overview of projects, including summaries of estimated costs, funds released, and funds returned. It also features a chart view, a map view, and a side menu with options for **Dashboard**, **Project Management**, **Advanced Report**, **Map View**, **Meeting**, and **Logout**.

Figure 2.1: User Dashboard

2.1. Project Management

The Project Management module comprises seven individual data entry menus. To access these, the user must click on the Project Management module in the left navigation menu. A list of sub-menus will then appear below it. Selecting any sub-menu will navigate the user to its corresponding data entry page.

Users must first enter data for the Project Primary Data, followed by Project at a Glance, to generate the project ID and title required for the remaining menu options. After completing these initial steps, the other menu options can be accessed in any order, without a fixed sequence.

ii. Project Primary Create From

- 1) **Fill in Project Details:** Complete the **Project Primary Data Create** form by providing the following information:
 - Project ID
 - Project Title
 - Project Component
 - Revised Project Components
 - Project Objective
 - Expected Outcome
 - Estimated Cost
- 2) **Thematic Area and Program Information:**
 - Users can add multiple thematic areas by clicking the **Add More** button.
 - For each thematic area, multiple programs can be selected from the dropdown menu.
- 3) **Submit the Form:** Once all required information is provided, click the **Submit** button to save the data.

The screenshot shows the 'Project Primary Data Form' interface. At the top, there is a green header bar with 'Project Primary Data Form' in the center, 'Project Primary Data' on the left, and 'Submit' on the right. Below the header, the form contains several input fields: 'Project Id' (with value '904'), 'Project Title', 'Project Components', 'Revised Project Components', 'Project Objectives', 'Expected Outcomes', and 'Estimated Cost'. Below these fields is a section for adding thematic areas and programs, with the heading 'প্রকল্পটি বিসিএসএপি'র কোন থিমটিক এরিয়া ও প্রোগ্রামের সাথে সংগতিপূর্ণ:'. This section includes a table with columns 'থিমটিক এরিয়া' and 'প্রোগ্রাম', and a row with dropdown menus for '--Select Thematic Area--' and '--- Select ---'. Below the table is an 'Add More' button. At the bottom right of the form is a green 'SUBMIT' button. Three callout boxes with arrows point to these buttons: 'Back To List Button' points to a 'Back to List' button in the top left; 'Add More Button' points to the 'Add More' button; and 'Submit Button' points to the 'SUBMIT' button.

iii. Project Primary Update Form

- 1) **Pre-Filled Information:** In the **Edit Form**, all previously provided information will be pre-filled. Users can update the desired fields as needed.
- 2) **Updating Thematic Area and Programs:**
 - To modify thematic areas or programs, users must first remove the previously selected data by clicking the Remove button.
 - New data can then be added in the same way as in the create process, using the Add More button for thematic areas and selecting programs from the dropdown menu.
- 3) **Save Changes:** After making the necessary updates, click the **Update** button to save the changes.

The screenshot shows the 'Update Project Primary Data' form. The form is pre-filled with the following information:

- ProjectSerial: 893
- ProjectTitle: Test Project Title 893
- ProComponents: Project Components Test 893
- RevisedProComponents: Revised Project Components Test 893
- Project Objectives: Project Objective Test 893
- Expected Outcomes: Project Expected Outcome Test 893

The screenshot shows the 'Advance Report' interface. At the top, there are three filter sections: 'Report Fields', 'Project Theme', and 'Project Status'. The 'Report Fields' section includes 'All Fields' (checked) and 'Project at a Glances', 'Implementation Progress', 'Monitoring', and 'Fund Updates' (all checked). The 'Project Theme' section includes 'All Theme' (checked) and six themes (T1-T6), all of which are checked. The 'Project Status' section includes 'Status' (set to 'All'), 'Administrative Boundaries' (Division, District, and Upazila all set to 'All'), and a 'Go >>' button. Below the filters, there is a 'Project Report' section showing 'Total no. of Records: 1283'. Above the table are three buttons: 'Advance Filtering' (green), 'Clear Filter' (red), and 'Export To Excel' (blue). The table has 12 columns: #, Project Code, Project Title, Project Components, Revised Project Components, Trust Meeting Number, Date of Trustee Meeting, Project Approval Year, Date of GEO, Approved Estimated Cost TB, Approved Estimated Cost GO, and Date of Project Beginning. The first two rows of data are visible. At the bottom of the page, there is a footer with 'Copyright © Bangladesh Climate Change Trust (BCCT) | All rights reserved.', 'Total Visitors:', and 'Developed By CEGIS'. Callouts point to the 'Filtering Element' (filters), 'Summary Table' (table), 'Go Button' (Go >>), and 'Export to Excel' (Export To Excel button).
